Report on Review of Interim Condensed Consolidated Financial Statements
To the Board of Directors of
Alia -The Royal Jordanian Airlines Company (Royal Jordanian)
Amman - Jordan

#### Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Alia- The Royal Jordanian Airlines Company and its subsidiaries (together referred to as "the Group") as at 31 March 2021, comprising the interim consolidated statement of financial position as at 31 March 2021 and the related interim consolidated income statement, interim consolidated statements of comprehensive income, changes in equity and cash flows for the three month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Material Uncertainty Related to Going Concern

As disclosed in note (2-2) to the interim condensed consolidated financial statements, the Company's accumulated losses of JD 282.8 million as of 31 March 2021 exceeded the Company's capital. Also, the Company's current liabilities exceeded its current assets by an amount of JD 146.4 million as of 31 March 2021. These events or conditions indicate that a material uncertainty exists that may cast significant doubt about the entity's ability to continue as a going concern. According to Article (266) of the Jordanian Company's Law No. 22 for the year 1997 and its amendments, if the accumulated losses of the public shareholding company exceed 75% of its capital, the Company shall be liquidated unless the General Assembly of the Company issues a decision on its extraordinary meeting to increase the Company's capital or to deal with the Company's losses.

The Prime Ministry of Jordan resolved to authorize the Ministry of Finance to proceed with further procedures to increase the Company's paid-in capital by JD 50 million over two phases. The first phase was received during the fourth quarter of 2020 and the second phase will be received during 2021. The Company received a comfort letter from the Ministry of Finance (the Jordanian Government's representative), stating that the Government is in favor of continuing to support the Company's operations in the future. Also, the Company's management is in the process of performing the restructuring business plan that supports the Company's business continuity and its ability to recover its assets and generate future cash flows to settle its liabilities. Our conclusion is not modified in this regard.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

#### 1. GENERAL

Alia - The Royal Jordanian Airlines Company (Royal Jordanian), the "Company", was registered as a Jordanian public shareholding company on 5 February 2001. The Company's head office is located in Amman – Jordan.

The Company's objectives are to undertake scheduled air-transport activities from and to the Kingdom and to carry out the handling for aircrafts that land in and take off from the airports of the Kingdom.

The interim condensed consolidated financial statements were authorized for issue by the Board of Directors in their meeting held on 9 May 2021.

# 2. BASIS OF PREPARATION

The interim condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34, Interim Financial Reporting.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Group's annual financial statements as of 31 December 2020. In addition, results of the three months period ended 31 March 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

The interim condensed consolidated financial statements have been presented in Jordanian Dinar which is the functional currency of the Group. All values are rounded to the nearest thousands (JD 000) except when otherwise indicated.

## 2-1. Changes in accounting polices

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2020 except for the adoption of new standard and amendments effective as of 1 January 2021 shown below:

# Interest Rate Benchmark Reform – Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest.
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued.
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

These amendments had no impact on the interim condensed consolidated financial statements of the Group. The Group intends to use the practical expedients in future periods if they become applicable.

# 2-2. Fundamental Accounting Concepts

The interim condensed consolidated financial statements have been prepared on the assumption of going concern. However, as disclosed in notes (3) to the interim condensed consolidated financial statements which shows the negative impact of COVID-19 pandemic, the Group's accumulated losses of JD 282.8 million exceeded the Company's capital as of 31 March 2021. Also, the Company's current liabilities exceeded its current assets by an amount of JD 146.4 million as of 31 March 2021. These events or conditions indicate that a material uncertainty exists that may cast significant doubt about the entity's ability to continue as a going concern. According to Article (266) of the Jordanian Company's Law No. 22 for the year 1997 and its amendments, if the accumulated losses of the public shareholding company exceed 75% of its capital, the Company shall be liquidated unless the General Assembly of the Company issues a decision on its extraordinary meeting to increase the Company's capital or to deal with the Company's losses.

The Prime Ministry of Jordan resolved to authorize the Ministry of Finance to proceed with further procedures to increase the Company's capital by JD 50 million over two phases, subject to a comprehensive turnaround and rightsizing plan across all key operational and financial pillars. An amount of JD 25 million was received during the fourth quarter of 2020 and the second phase will be received during 2021. Accordingly, the Company has recorded an amount of JD 25 million as payments in respect of capital increase as of 31 March 2021 and 31 December 2020. Capital increase procedures were not completed up to the date of the interim condensed consolidated financial statements. The Company received a comfort letter from the Ministry of Finance (the Jordanian Government's representative), stating that the Government is in favor of continuing to support the Company's operations in the future. Also, the Company's management is in the process of performing the restructuring business plan that supports the Company's business continuity and its ability to recover its assets and generate future cash flows to settle its liabilities.

# 3. Coronavirus (Covid-19) outbreak and its impact on Royal Jordanian Airlines

Coronavirus (COVID-19) pandemic have affected businesses amongst others with a suspension of travel and closure of boundaries with other countries. The Covid-19 pandemic along with the measures necessary to contain the virus have triggered an economic downturn and caused an unprecedented economic crisis.

During 2020, the Company has initiated a reshape project to adapt to the new operational and financial challenges and to ensure that the Company can sustain its operations in the coming future.

The Company's operations, liquidity and cash flows impact as a result of the outbreak is summarized as follows:

- As part of the Company's action plan to manage cashflows along with the ongoing reshape project, management entered into discussions with the aircrafts' lessors and lenders to reschedule the leases and loan payments.
- Negotiations were initiated with the Company's major suppliers to defer the payments and reduce the costs were possible.
- During 2020, the Company signed an amendment letter to the syndication loan agreement, in which loan installments for the period from March 2020 to September 2020 were rescheduled and allocated to the installments after September 2020 on a proportional basis. On 1 April 2021, the Company has signed the second amendment letter in which 50% of the loan installments for the period from April 2021 to June 2021 are rescheduled and allocated to the installments after June 2021 on a proportional basis.
- During 2019, the Company has obtained a credit facility granted from Arab Bank with a ceiling of JD 20 million and an annual interest rate of 5.625%. On 18 March 2020, the Company signed an amendment agreement with Arab Bank to increase the ceiling of the credit facility to become JD 40 million with the same existing terms and conditions. The Company has utilized an amount of JD 124 of the credit facility as of 31 March 2021. (31 December 2020: Nil) (Note 7).
- The board of directors resolved in their meeting held on 27 April 2020 to approve a new loan facility of JD 50 million to finance the Company's cash flows and to meet unavoidable cash obligations when becoming due during the lockdown period. The Company has utilized an amount of JD 50 million of this facility as of 31 March 2021. (31 December 2020: 35 million) (Note 8).

- On 25 October 2020, the Prime Ministry of Jordan resolved in its resolution number (126) to authorize the Ministry of Finance to proceed with further procedures to increase the Company's capital by JD 50 million over two phases, subject to a comprehensive turnaround and rightsizing plan across all key operational and financial pillars. An amount of JD 25 million was received during the fourth quarter of 2020 and the second phase will be received during 2021. Accordingly, the Company has recorded an amount of JD 25 million as payments in respect of capital increase as of 31 March 2021 and 31 December 2020 (Note 9). Capital increase procedures were not completed up to the date of the interim condensed consolidated financial statements.
- The Company implemented Defense Order No. (1) Suspension of old age and early retirement insurance for March, April, May and December 2020 will be extended until the end of May 2021. The social security percentage paid by the Company became 4.25% instead of 14.25%.
- The Company Implemented Defense Order No. (24) "Estidama Program" effective from December 2020 and will be extended until the end of May 2021. Employees' salaries are reduced by 25%. The Social Security Corporation contributed 37.5% of employees' monthly salary with a ceiling of JD 500.
- The Company implemented Defense Order number (14) and number (24) "Himaya" program where the Social Security Corporation supported the most affected companies due to the pandemic through granting loans that cover part of August through November 2020 salaries and January 2021 through May 2021.

The Social Security Corporation contributed of 37.5% of employees' salaries with a ceiling of JD 500 and a minimum of JD 220 per month (note 8).

The Company's management is going through an ongoing discussion with the stakeholders and the Government to obtain the needed support. During 2020, a committee was formed comprised of representatives from the Ministry of Finance, Ministry of Transport, Civil Aviation Regulatory Commission "CARC", Central Bank of Jordan and Social Security Fund to go through RJ's proposed required support in line with IATA recommendations for governments around the globe to facilitate relief measures by a combination of programs that can provide both immediate and medium to long-term assistance to the airline industry and its employees in the form of direct financial support, loans, loan guarantees and tax relieves.

# 4. BASIS OF CONSOLIDATION

The interim condensed consolidated financial statements comprise the financial statements of Alia - The Royal Jordanian Airlines Company (the "Company") and the following subsidiaries (collectively referred to as the "Group") as at 31 March 2021:

	Ownership Interest	Country
Royal Wings Company	100%	Jordan
Royal Tours for Travel and Tourism Company	80%	Jordan
Al Mashriq for Aviation services	100%	Jordan

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the interim condensed consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non- controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

# Shareholders who have a significant influence over the Group

The Government of the Hashemite Kingdom of Jordan presented by Government Investments Management Company, Mint Trading Middle East Ltd. and Social Security Corporation own 82.03%, 4.99% and 5.33%, respectively from the Company's shares as at 31 March 2021 (31 December 2020: 82.03%, 4.99% and 5.33% respectively).
