Report on Review of Interim Condensed Consolidated Financial Statements

To the Board of Directors of Alia - The Royal Jordanian Airlines Company (Royal Jordanian)

Amman - Jordan

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Alia - The Royal Jordanian Airlines Company (the "Company") and its subsidiaries (together referred to as the "Group") as at 31 March 2025, comprising the interim condensed consolidated statement of financial position as at 31 March 2025, interim condensed consolidated income statement, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the three months then ended and explanatory notes. Board of Directors are responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard IAS (34) Interim Financial Reporting. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements no. (2410), "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS (34).

The partner in charge of the review resulting in this auditor's report was Ahmad Mahmoud Abu-Asabeh; license number 1155.

Public Shareholding Company
Notes to The Interim Condensed Consolidated Financial Statements
31 March 2025 (Unaudited)

(In Thousands of Jordanian Dinars except for amounts in foreign currencies)

(1) GENERAL

Alia - The Royal Jordanian Airlines Company (Royal Jordanian), the "Company" was registered as a Jordanian Public Shareholding Company as the legal successor of Alia Foundation – Royal Jordanian on 5 February 2001. The Company's head office is located in Amman - Jordan.

The Company's objectives are to undertake air-transport activities from and to the Kingdom and to carry out the handling for aircrafts that land in and take off from the airports of the Kingdom.

The interim condensed consolidated financial statements were authorized for issue by the Board of Directors in their meeting held on 27 April 2025.

(2) BASIS OF PREPARATION OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The interim condensed consolidated financial statements are prepared in accordance with International Accounting Standard No (34), Interim Financial Reporting.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Group's annual financial statements as at 31 December 2024. In addition, results of the three months period ended 31 March 2025 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2025.

The interim condensed consolidated financial statements have been presented in Jordanian Dinar which is the functional currency of the Group. All values are rounded to the nearest thousands (JD 000) except when otherwise indicated.

(2-1) Changes in accounting polices

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2024 except for the adoption of new amendments on the standards effective as at 1 January 2025 shown below:

Lack of exchangeability - Amendments to IAS 21

In August 2023, the IASB issued amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2025. Early adoption is permitted, but will need to be disclosed. When applying the amendments, an entity cannot restate comparative information.

The amendments had no material impact on the Group's interim condensed financial statements.

(2-2) Fundamental Accounting Concepts

The Group's accumulated losses of JD 205,124 represents 56% of the Group's paid-in capital as of 31 March 2025. Also, the Group's current liabilities exceeded its current assets by JD 290,266 as of 31 March 2025. The Group's ability to continue depends on its ability to achieve operational and financial results in accordance with its business plan and to comply with the provisions of article (266) of the Jordanian Company's law no. (22) for the year 1997 and its amendments, which requires that the accumulated losses of a Public Shareholding Company should not exceed 75% of its capital. otherwise, the Company shall be liquidated unless the General Assembly of the Company issues a decision on its extraordinary meeting to increase the Company's capital or to deal with the Company's losses.

In the context of the Company's and its main shareholder's efforts, the Government Investment Management Company increased and restructured RJ's capital to rectify the Company's situation in accordance with the provisions of Article No. (266) of the Jordanian Companies Law No. (22). The Council of Ministers decision No. (2324) was issued in its meeting held on 9 February 2025, approving the Company's capitalization of the loan granted by Capital bank of Jordan, amounting to JD 50 million, after the Ministry of Finance repays the loan over five years at a rate of JD 10 million annually starting from 2026, with Royal Jordanian bearing the interest on this loan (note 7 - A).

The Company is currently working on completing the final stages to obtain a new syndicated loan amounting to JD 177 million (250 million US dollars), and the final agreement is expected to be concluded during the second quarter of 2025. This loan will be allocated to repay the outstanding balance of the current syndicated loan, in addition to financing investment projects, purchasing aircraft, and settling bank facility balances.

In addition, the Company received a letter of assurance from the Ministry of Finance (representing the Government of the Hashemite Kingdom of Jordan) on 8 June 2020, indicating that the government views positively the continuation of support for the Company in the future.

(3) BASIS OF CONSOLIDATION OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The interim condensed consolidated financial statements comprise the financial statements of Alia - The Royal Jordanian Airlines Company (the "Company") and the following subsidiaries (collectively referred to as the "Group") as at 31 March 2025:

Company name	Ownership	Ownership percentage		
	2025	<u>2024</u>		
Tikram for Aviation Services Company	100%	100%	Jordan	
Royal Wings Company – under liquidation	100%	100%	Jordan	
Jordan Airline Training and Simulator Company	100%	100%	Jordan	
Jordan Airports Company	90%	90%	Jordan	
Royal Tours for Travel and Tourism Company	80%	80%	Jordan	
Jordan Flight Catering Company (Note 12)	51%	30%	Jordan	

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the interim condensed consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

Shareholders who have a significant influence over the Group

The Government of the Hashemite Kingdom of Jordan presented by Government Investment Management Company owns 95.32% from the Company's shares as at 31 March 2025 and 31 December 2024.

(4) PROPERTY AND EQUIPMENT

During the three months ended 31 March 2025, the Group acquired property and equipment with a cost of JD 11,253 (31 March 2024: JD 6,118).
